Lo ... Napoleon in sending a squadr n of war relanse dread French supremacy and deer the protection of be United States, an' so large is the commerce of this cour ry in 'the Pacific, and so con iguous are the Sandwir h Islands to or coast, that, if they are to cease to be independent, it would seem to be hu'n strural and right that 'they shall come under the protection of our

and sevenly-five vessel which list a to see at those islands, two hundred an figure, that is to say more tuan nine-tends of sill to the control of lists with in the control of them, belonged to the United States, while only ten of them were French. This statement represents the dispari'y of the French and American commerce in the Pacific. The French States is immense and is con nua y e larg 2 So h e i aro er Southern disunionis

who have emigrated thither and established regarded. These men have much i fluence i Unio i pro i bed at it boldes treason is reform r the Islands and have been t strum ntal in pro-

were tive from the face of the earth, a the givernment, to save them from euch annight to used a strong to the save them from euch annight to used a strong to the save them from euch annight to the save that the save the save that the save liquor imported. These wise and pat rn. I measures tended greatly to arre t the evil a | ca - 4 an important reduction of the amount of the French communication of the mercants of Brdeaux com, la ned of the co. dur of the II waiian Government, and, in 1843, a French up of war arrived off Honolulu, au , under peril of ho tilities, demanded an abrogation of the policy of the governmen'. Compliance was ref sel, and he Freich Admiral landed his force in the will a destroyed a large amount of property. The 'ha' f Hawaiia for the misc' ef d ne in Hono-I I , I t another agent the her to enforce it o tu d man s. The b is of a treaty was agree on to be submited to the approval or the rej ction of the Island Legisla'u .. It w s 'hen, that is i. 1.51, that a message was despar h d to our governm t with a proposition to ce e the I lands to the United States, or that the U 'J ates should assume the protection of thim. The trady made was to coda d the French a roed to France t make his relief es a as all government. The squadron i w under way fr he Saw web I lands to emand- of France, or, what is r probab,

to seize o the i land.

Great B itam has an interest in prevening a y such it starred destu y of the Sandwich Islands and she will pobally readily co-operate with the United Sale. in resolutely protesting against the consummation of the amb tious designs of Fance Their co-operation would provaby care Louis Napoleon to hesitate bef re le lakes a y final and fatal step. He has rece tly een engaged in increasing the French navy largely, a dhe may have re olved on trying its prowess a war against the navy of some foreign power. It is far more form dable than that of our Government, and Louis Napoleon may therefore conclude that it would be found more efficient. One thing is pretty certain, and that i that when there is anything like parity of force our vessels would blow those of his Imperial Majesty out of water. But there is no foreseeing the intentions of France. What she Emperor. Whether he would relish war with e United States or not, cannot be ascerta If he desires war with this government, let him eize on the Sandwich Islands from appear auces he seems resolved to do, and we cannot but think he will place the relations between France and the United States in such imminent peril that war will be a highly probable result.

The Democratic Washington correspon ent of the Baltimore Sun says, i his letter of
